

# A Guide to Observation, Assessment and Planning in the Early Years for Leaders and Managers

## EYFS 21/0099

### Course Description:

This course supports leaders and managers working in the Early Years to understand the importance of the observation, assessment and planning cycle. Each component will be reviewed and discussed with time set aside to consider how the cycle could work in your setting.

### Target Audience:

Teacher, Early Years Practitioner, Early Years Managers and Leaders, Deputy Headteacher / Assistant Headteacher / Senior Teacher

### Learning Outcomes:

Delegates will increase their knowledge and skills so they:

- meet statutory obligations as outlined in the EYFS
- understand how to develop practices around observation, assessment and planning to support outcomes for all children
- evaluate and reflect on current workload practices

### How To Book:

You will need an account on our online booking system
